**We Make it Easier and Better**

## **Easier**

No internal wheel wells make it easier to load and unload.  
EZ-Lube hubs make bearing maintenance easier and faster.  
Double rear doors swing wide open for easier loading and unloading.  
Rear cargo light illuminates exterior for easy nighttime loading.  
Durable TPO front cap doesn't fade like fiberglass or crack like ABS plastic.

## **Better**

One-piece aluminum roof provides better protection against the weather.  
3/8" plywood creates better sidewall construction.  
Heavier 2" x 6" frame and rust inhibiting chassis protection create a stronger and longer lasting trailer.
